Spring 2021

Course Location and Delivery Method Information in SIS

Graduate Registration opens on November 13, 2020

https://sis.jhu.edu/sswf/

- The location column in SIS says either “Homewood Campus” or “Online.” If any part of a course is in-person, it will say “Homewood Campus.”

- In addition to location, every course has an Instructional Delivery Method (IDM). The glossary of IDMs is posted here https://registrar.jhu.edu/instructional-delivery-methods/.

- To see the IDM of a course, click on the course title to expand the course details, as in the following example:

The Registrar’s office is in the process of gathering further information from academic departments who are using a hybrid online/in-person IDM in order to provide greater specificity in SIS about which component of a hybrid course is online and which is in person (such as lecture vs. section). That information will be added to the course details as it is received from departments.
