

# Mechanical Engineering DQE Request Form

Advisors: Please review the candidate's coursework and the DQE requirements for the candidate's concentration before filling out the form. Provide names of alternate committee member(s) if possible; this will make it easier to schedule the exam.

Advisor should email the completed form to Kevin Adams (kadams24@jhu.edu), at least 2 months before the DQE. Alternatively, an email with the same information would also be sufficient.
