Subject: NSF Summer Research Experiences for Undergraduates (NSF REU) Research Internships
Date: Tuesday, November 8, 2022 11:21:04 AM

Dear ME Undergraduate Students,

The National Science Foundation funds over 500 summer Research Experiences for Undergraduates (NSF REU) programs nationwide, with over 200 with engineering-related themes. These are typically paid 10-week summer research internships, with housing provided, at US Universities. You need to apply individually to each internship program.

To learn more, see: <https://www.nsf.gov/crssprgm/reu/>

To search for individual NSF REU program topics, see:
https://www.nsf.gov/crssprgm/reu/reu_search.jsp

Best Regards,

-LLW
