Dear Chen

Hope you are well. I am excited to share that we are recruiting a postdoctoral scholar with a strong background in flexible miniature electronics to join my group (<https://www.colorado.edu/lab/jayaram/>) at CU Boulder. The successful candidate will be working with an international team of researchers to perform innovative research advancing power, sensing and control autonomy of insect scale bioinspired robots. The ideal start date for this position is Jan 1, 2023.

The University of Colorado Boulder is committed to building a culturally diverse community of faculty, staff, and students dedicated to contributing to an inclusive campus environment. More details about the position can be found here - <https://jobs.colorado.edu/jobs/JobDetail/?jobId=43589>

Please share this with your students or colleagues in your institution who might be interested and do not hesitate to reach out to me directly with any questions.

Thanks
Kaushik
