

## Recruitment Message

Dear potential subjects,

We are recruiting participants to participate in a research study (IRB00263386) on haptic perception. Participants will perform simple object manipulation tasks using one or both hands on a custom haptic device.

Your participation is entirely voluntary and would be approximately 60-90 minutes long over one or more sessions. Participants who complete the study will be compensated with an Amazon gift card at the rate of \$10/hour.

If you are interested in learning more about this study and meet the eligibility criteria below, please contact me via email at [jcarduc1@jh.edu](mailto:jcarduc1@jh.edu). Additionally, please feel free to forward this invitation to anyone else who may be interested in our study.

### Eligibility Criteria

1. Adult (18 years or older)
2. English-speaking
3. Normal upper-limb and hand function.
4. Normal or corrected-to-normal close-range vision
5. Normal or corrected-to-normal close-range hearing
- (6. Right-hand dominance optional, considered at time of recruitment)

You may direct any other questions or concerns to Study Principal Investigator, Professor Jeremy Brown, at ([jdelainebrown@jhu.edu](mailto:jdelainebrown@jhu.edu)) or the Johns Hopkins Medicine Institutional Review Board at ([jhmeirb@jhmi.edu](mailto:jhmeirb@jhmi.edu)).

We plan to use the data collected in this study to develop better haptic feedback control strategies for individuals wearing upper-limb prosthetic devices.

Sincerely,  
Jacob Carducci
