Updated September 22, 2023

Scholarship / Fellowship Name	Who is Eligible	Eligibility Requirements	Application Due Date(s)	Award
AIAA Foundation https://www.aiaa.org/scholarships/	Undergraduate and graduate students	<p>Must be a current AIAA Student member in good standing</p> <p>Undergraduate students must have completed at least 1 academic semester of full-time college work</p> <p>Graduate students must have completed at least one (1) academic quarter or semester of full-time graduate-level college work and have a research topic approved</p> <p>Must have a minimum cumulative GPA of 3.300 on a 4.000 scale</p> <p>Applicant's education plan shall be such as to provide entry into some field of science or engineering encompassed by the technical activities of AIAA</p> <p>Unless otherwise noted, applicants must be enrolled in an accredited college or university within the U.S. or U.S. Territories</p> <p>Other requirements may apply -see website for details</p>	Applications accepted from October 1, 2023, 12:00pm EST - January 31, 2024, 11:59pm EST	Range of awards - see website for details
Barry Goldwater Scholarship https://goldwater.scholarsapply.org/	Sophomore or Junior	<ol style="list-style-type: none"> 1. Be a matriculated sophomore or junior pursuing a degree at an accredited 2- or 4-year institution of higher education and be a full-time matriculated student during the academic terms when receiving scholarship support from the Foundation. 2. Intend to pursue a research career in a natural science, mathematics or engineering,¹ 3. Have a college grade point average of at least a 3.00 on a 4.00 scale 2, and 4. Be a U.S. citizen or national from the 50 States, District of Columbia, Commonwealth of Puerto Rico, Guam, United States Virgin Islands, American Samoa, Commonwealth of the Northern Mariana Islands, Republic of the Marshall Islands, Federated States of Micronesia, Republic of Palau, and any other territory or possession of the United States; or a permanent resident. A permanent resident must submit a photocopy of their Permanent Resident Card, also known as a Green Card. 	Application opens the First Tuesday of September. All candidates for scholarships are nominated by their college or university. All nomination materials are due on the last Friday of January at 5:00pm Central time, but your Goldwater Campus representative may have earlier deadlines. The Foundation will not solicit or accept applications directly from candidates but will advise applicants as to the appropriate procedures.	Each Goldwater Scholar annually receives an amount equal to the cost of tuition, mandatory fees, books, and room and board minus the amount of support provided for by other sources, up to a maximum of \$7,500 per full academic year. Scholars who receive the award as sophomores can expect to receive support for a maximum of two years (4 semesters) or until graduation, if sooner. Scholars who receive the award as juniors can expect to receive support for a maximum of one year (2 semesters) or until graduation, if sooner.
Brooke Owens Fellowship http://www.brookeowensfellowship.org/	Female & Nonbinary Undergraduates	<p>You are an undergraduate student. You can be enrolled at any type of undergraduate institution: Community and Junior Colleges; Historically Black Colleges and Universities; Liberal Arts Colleges; Women's Colleges; Tribal Colleges; Technical Institutes and Professional Schools; and Public or Private Universities. You can be taking a year off. You can be pursuing a second Associates or Bachelors degree. You can be pursuing a dual degree. HOWEVER, YOU MUST HAVE ONE FULL SEMESTER OF YOUR PROGRAM UNDER YOUR BELT TO BE ELIGIBLE.</p> <p>People of your gender are underrepresented in aerospace. If you are a cisgender woman, a transgender woman, non-binary, agender, bigender, two-spirit, demigender, genderfluid, genderqueer, or another form of gender minority, this program is for you.</p> <p>You are available for full-time employment for a reasonable amount of time in the Summer of 2024. We define Summer quite loosely since every school is on a different schedule. We also know that some people have other commitments to family, school, or other jobs. But a core part of this Fellowship is providing a meaningful, demanding summer internship and a living wage, and you should be available to take on that challenge.</p> <p>You are interested in pursuing a career in aerospace. You don't have to have it all mapped out, nor is this a binding commitment. But a career in aerospace should be among your goals for the future; otherwise, you'd be taking a spot away from someone else who might need this shot to chase the career of their dreams.</p>	THE APPLICATION FOR THE CLASS OF 2024 WILL BE AVAILABLE FROM AUGUST 28TH - OCTOBER 7TH, 2023.	Fellows are matched by industry leaders to specific intern positions at one of the most exciting organizations in aerospace. Over the course of a ~12 week summer, Fellows complete meaningful projects, learn valuable skills, and are paid a living wage. Each Fellow is also matched with two senior- or executive-level mentors—one at their host company and one elsewhere in the industry. Our pool of Mentors includes astronauts, CEOs, award-winning journalists, and senior government officials. Mentors provide tailored advice on how to make the most of the Fellowship experience—and how to build a career. During the summer, all Fellows come together for an exclusive, one-of-a-kind Summit, making valuable connections and learning important skills. In addition to team projects and one-on-one mentoring sessions, the Summit features intense, private Q&A sessions with Congresswomen, astronauts, CEOs, and company founders. By earning their spot in the program, each Fellow is forever included in the Brooke Owens Fellowship network—including an open and direct line of communication to our program's founders, mentors, host companies, and supporters—in addition to the other extraordinary and passionate women and gender minorities in our alumnae network.

Johns Hopkins University - Department of Mechanical Engineering - Scholarship and Fellowship Information

Updated September 22, 2023

Scholarship / Fellowship Name	Who is Eligible	Eligibility Requirements	Application Due Date(s)	Award
Churchill Scholarships http://www.winstonchurchillfoundation.org/index.html	Senior or recent graduate (12 months)	An applicant for the Churchill Scholarship must be a citizen of the United States, either native-born or naturalized, and must be enrolled in one of the Participating Institutions and due to graduate during the same academic year as the deadline or be a student who has graduated from one of those institutions within the past 12 months before the deadline. Upon taking up the Churchill Scholarship, a Churchill Scholar must hold a bachelor's degree.	Wednesday, November 1, 2023, at 5pm Eastern Time	We fund 18 scholarships per year, comprised of 16 Churchill Scholarships in science, mathematics, and engineering, and two Kanders Churchill Scholarships in science policy. It is for one year of Master's study (courses run between 9 and 12 months). The award covers tuition, roundtrip airfare to the UK, visa fees and health surcharge, and a stipend that is set 5% higher than the UK Research Council standard. Recipients are eligible to apply for a \$4,000 special research grant. The total value is around \$65,000.
Department of Defense Science, Mathematics And Research for Transformation (SMART) Scholarship for Service Program https://www.smartscholarship.org/smart	Undergraduate and Graduate/PhD students	All applicants must be: - a citizen of the United States, Australia, Canada, New Zealand, or United Kingdom at time of application, - 18 years of age or older as of August 1, 2024 - requesting at least 1 year of degree funding prior to graduation (which starts at the program start date), - able to complete at least one summer internship (multi-year scholars only) willing to accept post-graduation employment with the DoD, - a student in good standing with a minimum cumulative GPA of 3.0 on a 4.0 scale, - pursuing a technical undergraduate or graduate degree in one of the 24 STEM disciplines listed below, - able to produce a fall 2023 college transcript from a regionally accredited US college or university, OR be pursuing a graduate degree at a regionally accredited US college or university.	All applicants are required to submit applications online by December 1 at 5:00 p.m. EST. Supporting materials, such as references forms, must be received by December 1 at 5:00 p.m. EST.	- Full tuition and education related educational expenses (meal plans, housing, and parking not included) - Stipend paid at a rate of \$30,000 - \$46,000 a year depending on degree level (may be prorated depending on award length) - Summer research internships ranging from 8 to 12 weeks - Health Insurance allowance of up to \$2,500 per academic year - Miscellaneous allowance of up to \$1,000 per academic year - An experienced mentor at one of the Sponsoring Facilities - Employment placement at a DoD facility upon degree completion
Fulbright U.S. Student Program http://us.fulbrightonline.org/	Recent graduates, Master's and doctoral candidates	Applicants must be citizens or nationals of the United States of America at the time of the application deadline. Permanent residents are not eligible. Please review the Award Description in relation to the eligibility of dual citizens. Applicants must have a conferred bachelor's degree or equivalent before the start of the grant period. In the creative and performing arts, four years of professional training and/or experience meets the basic eligibility requirement. If you are an Arts applicant and do not hold a BA, please email fbstudent@iie.org with your professional experience and educational history to confirm eligibility before beginning an application. Applicants must meet the language requirements of the award to which they are applying and demonstrate sufficient competency to complete their project and adjust to life in the host country. Applicants may hold a J.D. at the time of application. Doctors of Medicine may receive grants for advanced academic study, but not for internships or residencies. Scholars with an M.D. degree who have completed their formal postgraduate training and propose attachment to a hospital or clinic for the purpose of independent or collaborative research should apply to the Fulbright U.S. Scholar Program. Grants shall not authorize activity for which a license to practice medicine or nursing is required. The Fulbright Program cannot authorize proposals for medical research that involves clinical training, patient care or patient contact.	Tuesday October 10, 2023 at 5 pm Eastern Time	Round-trip transportation to the host country Funding to cover room, board, and incidental costs, based on the cost of living in the host country Accident & Sickness Health Benefits 24/7 support for emergency and non-emergency situations 12 months of non-competitive eligibility hiring status within the federal government. Some grants may also include: - book and research allowances - mid-term enrichment activities - full or partial tuition - language study programs

Updated September 22, 2023

Scholarship / Fellowship Name	Who is Eligible	Eligibility Requirements	Application Due Date(s)	Award
Gates Cambridge Scholarship http://www.gatescambridge.org/	Senior	You can apply for a Gates Cambridge Scholarship if you are: - a citizen of any country outside the United Kingdom - applying to pursue one of the following courses at the University of Cambridge: - PhD (full-time or part-time*) - MLitt (full-time) - One year postgraduate course (full-time), with some exceptions – see below	Applications for entry in the academic year 2024-25 will open again in September 2023.	Core components - the University Composition Fee at the appropriate rate* - a maintenance allowance for a single student (£20,000 for 12 months at the 2023-24 rate; pro rata for courses shorter than 12 months) – for PhD scholars the award is for up to 4 years - one economy single airfare at both the beginning and end of the course - inbound visa costs & the cost of the Immigration Health Surcharge
George J. Mitchell Scholarship Program https://www.us-irelandalliance.org/mitchellscholarship	Senior or Graduate	You are eligible to apply for the Mitchell Scholarship if: 1) You are a U.S. citizen; 2) You are between 18 and 30 years old on 1 October in the year in which you are applying; and 3) You have a bachelor's degree from an accredited college or university before beginning study as a Mitchell Scholar. Degrees from international accredited universities are acceptable if all other conditions are met.	All application materials must be submitted through the online application by 5:00 PM Eastern Time on September 28, 2023.	Tuition, housing, and a living stipend for up to one academic year (Sept-June 1st) of post-graduate academic study in Ireland.
German Academic Exchange Service (Deutscher Akademischer Austauschdienst Dienst, or DAAD) Scholarships and Grants https://www.daad.org/en/find-funding/	Undergraduate and Graduate students	DAAD offers several scholarship and grant opportunities for students who wish to study or do research in Germany. See their website for details.	See website (depends on program)	See website (depends on program)
Hertz Foundation Fellowship http://www.hertzfoundation.org/	Seniors who plan on pursuing PhDs or 1st year graduate students who are already doing so	All eligible applicants must: - be college seniors, first-year graduate students, or in a gap year preparing to apply to graduate school - intend to pursue a PhD in the applied physical and biological sciences, mathematics, or engineering - intend to direct their studies toward understanding and solving major, near-term problems facing society - be citizens or permanent residents of the US	11:59 p.m. pacific on Friday, October 27, 2023.	Option 1: Funding from the Hertz Foundation Only - \$38,000/nine-month personal stipend - Full tuition equivalent - Renewable annually for up to five years - \$5,000/year stipend for fellows with dependent children Option 2: Coordination with Another Awarding Institution If you receive a fellowship, scholarship, or grant offer from another funding entity, we'll coordinate with that organization or institution to make sure you can take advantage of each offer and receive the maximum possible compensation.
Link Foundation http://www.linkoe.org/	Graduate (Ph.D.)	The applicant must be working toward a Ph.D. in an academic institution. No limitations are placed on citizenship. Fellowships are only tenable at U.S. and Canadian Universities. Fellows must be enrolled on a full-time basis for the duration of the award.	March 29, 2024 5:00 p.m. EST	The award consists of \$35,000 and can be used towards: The Fellow's academic year and summer stipend.
Luce Scholars Program https://www.hluce.org/programs/luce-scholars/	Seniors, graduate or professional students currently at the nominating institution	-Candidates must be U.S. citizens or permanent residents. -Candidates may be graduating seniors, recent graduates, or young professionals under the age of 32, OR if older than 32, candidates must have received their bachelor's degree within the past three years -Candidates who have spent a significant amount of time (18 weeks or more since beginning college) in more than one of the countries where we place Luce Scholars are not eligible to apply for the Luce. -Candidates who have spent 18 weeks or more (since beginning college) in only one of the countries where we place Luce Scholars are eligible to apply but will not be placed in the country where they have spent significant time.	October 16, 2023 – Application deadline, all application materials must be submitted by 5:00 pm ET	Monthly stipend and applicable housing and cost-of-living allowances.

Johns Hopkins University - Department of Mechanical Engineering - Scholarship and Fellowship Information

Updated September 22, 2023

Scholarship / Fellowship Name	Who is Eligible	Eligibility Requirements	Application Due Date(s)	Award
Marshall Scholarships http://www.marshallscholarship.org/	Graduate	Be citizens of the United States of America (at the time they apply for a scholarship); (By the time they take up their scholarship i.e. September 2024) hold their first undergraduate degree from an accredited four-year college or university in the United States; Have obtained a grade point average of not less than 3.7 on their undergraduate degree at the time of application. We do not accept rounded GPA's. Have graduated from their first undergraduate college or university after April 2021. Not have studied for, or hold a degree or degree-equivalent qualification from a British University or GCSE or A Levels taken at school in the UK.	The deadlines for the 2024 Marshall Competition are: 26 September 2023 for applicants and recommenders at 5:00pm in the time zone your university is located. 28 September 2023 for endorsement and submission by US Institution at 5:00pm in the time zone your university is located.	University fees, personal allowance, cost of living expenses, annual book grant, thesis grant, research and daily travel grants, fares to and from the United States. Tenable for one or two academic years depending on the scholarship received, and possibly extendable to 3 years
The Matthew Isakowitz Fellowship https://www.matthewisakowitzfellowship.org/	Juniors, Seniors, Graduate	At the time of application, is a college junior, college senior, or graduate student who intends to pursue a full-time career in the commercial spaceflight industry. Commercial space is broadly defined as activities in entrepreneurship, intrapreneurship, and innovation that will enable new or dramatically improved products or services that do not depend solely on government cost-plus contracting to prove viable. In its most aspiring terms, commercial space promises to revolutionize the space industry through new business models that will open up the space frontier for all. Has earned an engineering or science degree, or is working towards one at the time the Fellowship begins. Has a diversity in experience and academic interests such as in engineering, science, management, business, and other related fields that can be related to commercial space. Is a U.S. citizen or U.S. permanent resident (green card holder) due to export control regulations at the host companies. Must be available to participate in a full-time internship during Summer 2024 and attend the MIFP Summit in July in Los Angeles.	Saturday, October 7, 2023, 11:59pm PT	A paid summer internship, typically lasting 10-12 weeks, at one of the leading commercial spaceflight companies. Prior to the beginning of the internship, each Fellow is paired with an experienced and notable space industry leader for mentorship to make the best use of their time during the Program, in addition to receiving advice for their academic and future professional careers. The summer culminates in a summit that brings together the current class of Matthew Isakowitz Fellows in a memorable and celebratory event.
NASA Space Grant Fellowships through the MD Space Grant Consortium https://md.spacegrant.org/mdsgc-programs/scholarships/	Undergraduate and Graduate	U.S. Citizen. Enrollment in an affiliate institution of MDSGC; see above. Students must have completed at least one full semester at their institution (except for HCC) in order to be eligible. Full-time student majoring in a STEM area, including but not limited to: engineering, computer science, the biological and life sciences, chemistry, geological sciences, physics and astronomy. Please note that we are specifically interested in students whose academic major and career aspirations are relevant to aerospace and NASA. Maintaining a 3.0 or higher GPA and appropriate major. Awards are generally renewable from one semester to the next, contingent on this requirement, although affiliate institutions may require students to reapply between academic years. Institutions may also impose additional evaluation criteria beyond the eligibility requirements above. You may contact the corresponding scholarship committee member for your institution with questions; contact information can be found via the links on the member institutions page.	Not yet available (most likely May 2024)	Awards vary and must be used for educational expenses (tuition, books, fees and room and board). More specifics may come later

Updated September 22, 2023

Scholarship / Fellowship Name	Who is Eligible	Eligibility Requirements	Application Due Date(s)	Award
National Defense Science and Engineering Graduate Fellowship Program (NDSEG) http://ndseg.sysplus.com/	Senior or Graduate	Be a U.S. Citizen, U.S. Dual Citizen, or U.S. National (as defined below) Have completed your undergraduate studies prior to the commencement of the fellowship in September 2024 Be applying to, accepted to, or currently enrolled at an accredited graduate-level institution within the United States Have at *least* THREE remaining years in your graduate degree program as of September 2024 Be pursuing research in alignment with one or more specific topics identified in the Department of Defense's Broad Agency Announcements (BAAs)	We are accepting applications from September 1 through November 3, 2023	The NDSEG fellowship will pay the fellows' full tuition and required fees (excluding room and board). The monthly stipend is \$3,600 (\$43,200 annually) for fellowship tenure. The NDSEG fellowship will pay for the minimum health insurance coverage offered through the institution or if the institution requires health insurance coverage but does not offer it the fellow may purchase private insurance, up to a total value of \$1,600.
National GEM Consortium Fellowship http://www.gemfellowship.org/students/gem-fellowship-program/	Senior or Graduate	Must be a senior, or graduate of an accredited engineering or computer science program at the time of application. Must have a minimum cumulative grade point average of 2.8/4.0. Must contractually agree to intern for two summers with sponsoring GEM Employer, beginning the Summer after sponsorship.	11:59 PM Eastern on the second Friday in November.	Employer Fellows (All applicants must be available for selection by an employer) \$4,000 living stipend per full-time semester up to 4 semesters (\$8K per academic year – 3 quarters) Minimum \$16,000 total stipend over the entire Master's program Up to two paid summer internships with a GEM Employer Member Full tuition and fees provided by a GEM University Member *The GEM Member University will provide a financial contract at the time the GEM Fellowship is confirmed per this recommended distribution of the GEM Employer contribution. University / Associate are nominated by the university, not chosen by the applicant. University Fellows Full tuition and fees provided by the GEM Member University Associate Fellows Full tuition and fees provided by the GEM Member University At least \$8,000 stipend per year provided by the GEM Member University For Master Student At least \$16,000 stipend per year provided by the GEM Member University For PhD Student
National Institutes of Health (NIH) Undergraduate Scholarship Program (UGSP) https://www.training.nih.gov/programs/ugsp	Undergraduate	Be enrolled or accepted for enrollment as a full-time undergraduate student at an accredited four-year college or university. Have a grade point average of 3.3 or greater on a 4.0-point scale, or rank within the top five percent of your class. Demonstrate exceptional financial need certified by your undergraduate institution's financial aid office.	Applications open January 2024	UGSP Scholars may receive up to \$20,000 of scholarship support each academic year. The scholarship is paid directly to your university and can be used for tuition, educational and reasonable living expenses as established by your university. Scholars are paid directly during the summer and post-graduation service obligations at the NIH. The salary is commensurate to the level of education completed; scholars also receive benefits, including access to health insurance, free parking or Transhare benefits.

Updated September 22, 2023

Scholarship / Fellowship Name	Who is Eligible	Eligibility Requirements	Application Due Date(s)	Award
National Physical Society Consortium (NPSC) Graduate Fellowship www.npsc.org	Graduate	GFSFD welcomes applications from any qualified U.S. citizen who has the ability to pursue graduate work at a GFSFD university partners. Applicants at any stage of their graduate program may apply, as long as they will be available to accept two summers of paid internship. Those who already possess a doctoral degree are ineligible. Employers may nominate GFSFD fellows directly, obviating the selection process. These fellows may enroll for either a Master's or a PhD degree.	29-Dec-23	The charge to the employer for each student supported is \$27,000 annually, of which \$20,000 is the fellow's expense allowance and \$7,000 is GFSFD's fee to support its operations. (The charge is subject to change at the discretion of the GFSFD Board of Directors.)
National Science Foundation's Graduate Research Fellowship Program (NSF GRFP) http://www.nsfgrfp.org/	Senior or Graduate	Be a U.S. citizen, national, or permanent resident Intend to enroll or be enrolled in a research-based master's or doctoral degree program in an eligible Field of Study in STEM or STEM education Have never previously accepted a Graduate Research Fellowship If previously offered a Graduate Research Fellowship, have declined by the acceptance deadline Have never previously applied to GRFP while enrolled in a graduate degree program Have never earned a doctoral or terminal degree in any field Have never earned a master's or professional degree in any field, or completed more than one academic year in a graduate degree-granting program, unless (i) returning to graduate study after an interruption of two or more consecutive years immediately preceding the application deadline, and; (ii) not enrolled in a graduate degree program at the application deadline Not be a current NSF employee	October 19 2023	Each Fellowship provides three years of support over a five-year fellowship period. For each of the three years of support, NSF provides a \$37,000 stipend and \$16,000 cost of education allowance to the graduate degree-granting institution of higher education for each Fellow who uses the support in a fellowship year. The Fellowship is portable and can be transferred to a different institution of higher education if a Fellow chooses to transfer to another institution after completion of the first Fellowship year. While the Fellowship is offered to the individual, the Fellowship funds are awarded to the institution of higher education at which a Fellow is enrolled and the institution is responsible for disbursement of the stipend to the Fellow.
Naval Research Enterprise Internship Program https://navalsteminterns.us/nreip/	Undergraduate and Graduate	Enrolled full-time at an accredited four-year college or university (See below for exceptions) Solely U.S. Citizens (See exceptions below) On track to acquire a minimum of 31 credits by the start of the internship (Eligibility will be determined by the number of credits accrued by the end of the Spring semester before the internship start date) Students graduating the spring semester before the internship or later (Winter graduates are not eligible) Applicants should have demonstrated interest in subjects of study that are relevant to the research conducted by one or more of the laboratories in the program	November 1 2023 at 11:59pm ET	The internship has a duration of ten weeks (with the possibility of extending up to four additional weeks). Stipend levels will be determined by the student's years of participation in the NREIP program. Stipends will be paid bi-weekly via direct deposit. Stipends are as follows: New undergraduate student participants: \$7,500 Returning undergraduate students (students MUST have completed a full 10-week program in a prior year to receive this level): \$9,000 Graduate students (students must currently be in graduate school and taking graduate school courses to receive this level): \$11,500
Patti Grace Smith Fellowship https://www.pgsfellowship.org/	Freshman or Sophomore	You should be Black or African-American. If that's the box you checked on your Census form, then that works for us! You should be a current student in a Bachelors Degree program or in any year of an Associates Degree program. (Note: in 2021 and 2022, our program was only open to first and second year undergraduate students. All undergraduate students are now eligible to apply). You should be a US Citizen or US Permanent Resident. You should be seeking your first ever paid summer internship in aerospace.	15-Oct-23	Summer internship at a leading aerospace institution; personalized mentors; cash grant of likely around \$3000-\$4000

Scholarship / Fellowship Name	Who is Eligible	Eligibility Requirements	Application Due Date(s)	Award
Rhodes Scholarship http://www.rhodesscholar.org/	Senior or Graduate	A citizen of the United States OR a lawful permanent resident of the United States OR a U.S. resident with active DACA status Eligible to apply through one of the 50 states, the District of Columbia, or one of the U.S. territories: either in the state or territory where the applicant was legally resident on April 15 in the year of application, or where the applicant will have received at least two years of college training and a bachelor's degree before October 1 in the year following election. At least 18 but not yet 24 years of age (or, for older candidates who completed their first undergraduate degree later than usual, you must not have reached your 27th birthday). Must have completed an undergraduate degree from a college or university by July 2024 with a GPA of 3.70 or higher on a 4.00 scale	11:59 PM U.S. Eastern Time on Wednesday, October 4	The Rhodes Scholarship funds two years of graduate or undergraduate study at Oxford University, as well as an annual stipend.
Siebel Scholars Foundation http://www.siebelscholars.com/	Graduate	<ul style="list-style-type: none"> • Research is in the Bioengineering field • Currently enrolled in a Master's or PhD program • Ranks within the top 10% of their Bioengineering class based on academic results • Demonstrates excellence, in terms of leadership qualities, in academic pursuits, non-academic pursuits, and in experience prior to entering the graduate program. • Has a track record of distinguished research • Has completed at least one year at Johns Hopkins University and is reasonably expected to have only one year remaining in the Master's or Ph.D. program. 	****Nomination/Selection Process Interested students should speak with their adviser/faculty/department academic staff about the internal nomination process. Our departments nominate candidates through an internal selection process and submit final nominations to the dean's office by the end of June.	\$35,000 toward the final year of graduate studies
Society of Hispanic Professional Engineers http://scholarships.shpe.org/students/	Undergraduate and Graduate students	Various - See website for details	Various - See website for details	Various - See website for details
The Gerald A. Soffen Memorial Fund Travel Grant https://soffenfund.org/	Undergraduate and Graduate	Students of all nationalities are welcome to apply; however, applicants must be enrolled full time in an accredited undergraduate or graduate institution of higher learning in the United States. Notification of the award will be made approximately one month after the application deadline, after conclusion of the review process. Given the requirement that recipients must acknowledge the Soffen Fund in their presentations, only conferences on or after June 3, 2023 are eligible for consideration.	Spring (likely April) and Fall Date TBD	The Soffen Fund will award up to \$1000 in Travel Grants, with no individual award greater than \$500, contingent upon acceptance of the recipients' conference abstracts. Recipients may use the Grant to attend either virtual or in-person conferences. The number of awards will depend on applicants' needs. Recipients must be able to participate in or attend their conference using the Travel Grant and, if necessary, support from other sources. Supplemental funds above the awarded amount cannot be requested from the Soffen Fund.
Society of Women Engineers (various) http://societyofwomenengineers.swe.org/scholarships	Undergraduate and Graduate	Only candidates who identify as women are eligible. Undergraduate applicants must be planning to study an ABET-accredited program in engineering, technology, or computing in the upcoming academic year. Masters and PhD candidates must be enrolled or accepted at a school with ABET-accredited programs in engineering, computing, or technology. You must be planning to attend full time (exceptions are made for reentry and non-traditional applicants). You must not be fully funded for tuition, fees, and books and equivalent. Other requirements may apply - see website for details	ABET Upperclass (rising sophomore, junior, senior undergraduates and all graduate students): December 1, 2023 – February 1, 2024 ABET Incoming Freshmen (any incoming first year students): February 1, 2024 – April 1, 2024	Various - See website for details

Updated September 22, 2023

Scholarship / Fellowship Name	Who is Eligible	Eligibility Requirements	Application Due Date(s)	Award
The Paul & Daisy Soros Fellowships for New Americans http://www.pdsoros.org/	Senior or Graduate (Apply when you're applying for a graduate program or when you're in the first two years of said program)	You must be: A New American (both birth parents must have been born outside of the US, and you must be an American citizen, green card holder, granted refugee or asylum in the US, or graduated from high school and college in the US). Not yet 31 years old, as of the application deadline. A college senior or holder of a bachelor's degree. Not beyond your second year – if already enrolled -- in the graduate degree program for which you request support.	October 26th, 2023 at 2:00 pm ET	Each Fellow receives up to \$90,000 in financial support over two years, and they join a lifelong community of New American Fellows.
Tau Beta Pi Fellowships (various) http://www.tbp.org/fellowships.cfm	Graduate	Applications are welcomed from all members of Tau Beta Pi—students and alumni. The program is designed for initiated members of Tau Beta Pi who pursue full time graduate study the following academic year in a field that contributes to the profession of engineering. You may be an undergraduate when you apply but the fellowship is for graduate study only. U.S. citizenship is not required. Legal residency is required.	February 1, 2023 at 11:59pm	Fellows will receive \$10,000 payable in ten monthly increments beginning in August.
Tau Beta Pi Scholarships (various) http://www.tbp.org/scholarships.cfm	Undergraduate Students	Members or candidates for membership who will be initiated by June 1. Full-time undergraduate engineering students during 2023-24. Students who will be enrolled for two semesters, three quarters, or two trimesters are eligible to apply for a \$2,000 award. Students enrolled for one semester, two quarters, or one trimester are eligible to apply for a \$1,000 award.	Likely 1:59 P.M. (EDT) April 1, 2024	Scholars will receive \$2,000 payable in two equal payments in mid-September and mid-January. Scholars returning for one semester will receive a single payment of \$1,000 in mid-September.
Vredenburg Travel Fund https://engineering.jhu.edu/advising/vredenburg-travel-fund/	Sophomore or Junior	Current engineering sophomores and juniors may apply by proposing an international: -Research project, service project, or internship (paid or unpaid)	4th Friday in February – Applications (all components) are due by 11:59 p.m.	Projects will be funded to a maximum of \$8,000; the typical range of a Vredenburg Scholarship is between \$5,000 and \$7,500.
