	Faculty Advisor			
Semester of Graduation				
Degree Path	<input type="checkbox"/> MSE All Course	<input type="checkbox"/> MSE Essay - Research	<input type="checkbox"/> MSE Essay- Co-Op	

Track Requirements

A student taking a track would be required to take a specific number of courses depending on their degree option.

- **ALL-COURSE:** 5 courses totaling at least 15 credits in the chosen Track
- **ESSAY – RESEARCH:** 4 courses totaling at least 12 credits plus 6 credits of Track-related research via EN.530.823 MSE Graduate Research
- **ESSAY – CO-OP:** 4 courses totaling at least 12 credits plus 6 credits of Track-related research via EN.530.822 Master’s Essay – Co-Op.

Students can earn up to two Tracks. Some courses will double-count between multiple tracks.

Course grades must be B- or higher on all courses except one, where the grade can be C-or higher. No more than one grade in the range of C+, C, and C- will be accepted to count toward a track. If two tracks are earned, only one course in both tracks can be a C+, C, or C-.

See the Mechanical Engineering Master’s Tracks page at <https://me.jhu.edu/education/graduate-studies/masters-program-original/mse-mechanical-engineering-tracks/> for information on the tracks and the courses that count toward them.

TRACK 1:

Semester	Course Number	Course Name	Grade	Credits

TRACK 2:

Semester	Course Number	Course Name	Grade	Credits

If either Track above is an Interdisciplinary Track, explain the nature of the Interdisciplinary Track here, including areas of interest and which courses apply to each area of interest.

ADVISOR’S CERTIFICATION

After reviewing the Track requirements, I certify that this student has completed the requirements for the Tracks listed here.

Please send the completed, signed form to the Academic Staff at me-academic@jhu.edu. The academic staff will create a Track certificate for the student. Note that the Track certificate is the sole recognition of the completion of the tracks, as this is an internal Mechanical Engineering recognition. Neither the transcript nor the diploma will display the Track completion.
